

PEOPLE SUFFERING WITH PAINS, CRAMPS, OR ACHES SHOULD READ THIS CAREFULLY

Big "Anti-Pain" Demonstration of Famous Health Advocate, Shows Folks How to Stop Suffering in Few Minutes.

SO SIMPLE, HARD TO BELIEVE BUT RESULTS ASTOUND OLD AND YOUNG

A Chance to Get Relief Yourself Free During Her Demonstration.

SHE WANTS EVERYBODY TO COME AND SEE HER

"I shall conduct my 'Anti-Pain' demonstration only a few more days at the Peoples Drug Store, 7th and E streets, but during that time I hope everybody, old and young, with bad pains, cramps, aches, headaches, etc., will come and let me show them how easily severe suffering and misery can be banished," declares Mrs. Gene Case, the motherly little woman who is conducting perhaps the most unusual health demonstration ever staged in Washington. Folks have called her the "Miracle Woman" in other cities because I showed them how to banish every sign of their misery and pain in just a few minutes with a simple little harmless home treatment anybody can take themselves—but I only claim that a vast amount of body and internal pains can be traced to some nervous or unnatural condition of the system which causes the "involuntary" muscles to contract and tighten, pull, torture and pain people. Any physician will tell you that these tiny muscles are found around the arteries, veins, intestines, throat, bronchial tubes, and help to form the walls of gall bladder, bladder, stomach, bowels, lungs, vagina, ovary, uterus, and all hollow organs of the body (except the heart). Ordinarily they are pliable and you know it when they are there, but when some unnatural condition causes them to tighten and pull then agony and misery follow for hours, days, weeks and months at a time. To take these muscles back to their normal condition is simply impossible even among specialists and doctors until recently and I deserve no credit because it is easy to do now. Chemists, over in Germany, discovered a powder that when taken into the stomach, will relax these muscles and thus stop all suffering and pain caused thereby in just a few minutes. Now our American chemists know the secret of this harmless, yet wonderful powder, and you can get it in five grain capsules right here at the Peoples Drug Store under the name of Adams' Wonder Capsules. (Named after the well-known American chemist, H. M. Adams, who early recognized the wide need of such a remedy.)

For a list of the numerous kinds of pains and aches these capsules are good for—ask for Free Folder at Peoples Drug Store, or see Mrs. Gene Case at the big demonstration this week at Peoples Drug Store, No. 2, 7th and E streets north west. What It Will Do. "When in great pain or misery, simply swallow a couple capsules," says Mrs. Case, "and just to prove how quickly they relax the torturing muscles and stop the pain. I offer to give any person a couple doses absolutely free without the slightest obligation on their part—if they are down town and in misery from any internal ache, headache, pain, cramp or spasm. In addition to my Free treatment right on the spot to any suffering person, the Peoples Drug Store (all 11 stores) guarantee that if you buy a bottle and take 3 doses (6 capsules) you will be completely relieved in just a few minutes of every sign of pain and misery or you can return balance of the bottle and money will be cheerfully refunded," continued Mrs. Case, who by selling hundreds of bottles and giving scores of a free treatment, has relieved many hundreds of men, women and girls of numerous different kinds of pains and misery here in Washington during the past few days of her demonstration. Be sure to read the articles printed in the next columns on the right.

Note—Come see Mrs. Case and talk with her. That is what she is here for. There is no obligation. We gladly prepay a dollar bottle anywhere to people out of town upon receipt of price, Peoples Drug Stores, Washington, D. C.

STOPS HEADACHES JUST LIKE MAGIC

Torturing, Painful Pulling Kind Vanish Away In Few Minutes

As explained in the interesting article published on the left, it is now a comparatively simple matter to stop real bad, severe headaches. In just a few minutes in most cases, by a simple harmless powder you can buy at any of the Peoples Drug Stores put up in five grain capsules under name of Adams' Wonder Capsules. They contain entirely new and heretofore unknown elements in modern medicine, and the drug store guarantees that if every sign of your headache and suffering isn't relieved in just a few minutes by 3 doses (6 capsules) they will cheerfully refund money.

Headaches of course are caused by numerous different causes. In a few cases the pain isn't due to tightening or contraction of the involuntary muscles, but a big majority of them are, and the beauty about Adams' Wonder Capsules is that they are harmless as sugar and contain no drugs to affect heart or nerves. Double doses may be taken if desired without the slightest ill effect and this is not true of most remedies. Men and women troubled with eye-strain, indigestion, fatigue, or nervous headaches heretofore only partially relieved by other remedies should drop in and see Mrs. Case during her "Anti-Pain" demonstration at Peoples Drug Store, No. 2, 7th and E street northwest. (Saved in the left and below this one.)

TELLS WOMEN HOW TO STOP PAINS AND CRAMPS AND NOT LOOK SO BAD EVERY MONTH

Such Suffering Makes Them Look Haggard and Old Looking.

SIMPLE HOME REMEDY STOPS SUCH TROUBLES

Thousands of girls and women suffer dreadfully with pains and cramps each month and look haggard, worn and old for two or three days each time. This suffering keeps them out and some have suffered this way so long they would be amazed to get relief. Such pains and cramps are unnatural and unnecessary, and come from a sudden or gradual hardening, tightening or contraction of the involuntary muscles which pull and torture you and obstruct the free natural flow in many cases. Such pains and cramps can therefore be quickly stopped in just a few minutes by relaxing the muscles.

Tells What to Do "I hope every girl or woman in Washington who is troubled that way will come to see me," declares Mrs. Case. "I am a woman old enough to be the mother of most such sufferers and I can talk and understand their need of relief and sympathy. I can point to hundreds of girls and women who no longer suffer a single minute that way. Some suffered years and each month were forced to remain in bed or away from work for one to several days, but never again since the time they dropped in to see me."

"I know it sounds too good to be true, but here is what I suggest. Let every such sufferer come in or send to the nearest Peoples Drug Store here in Washington for a bottle of Adams' Wonder Capsules, or you can get them by mail. Keep them handy and the next time just take a couple capsules with a swallow of water soon as pains or cramps and headache start. (Take 3 doses per directions on the bottle) and if every sign of pain, cramp, headache and suffering doesn't completely vanish in just a few minutes, then return the balance of bottle and any Peoples Drug Store will refund your money without red tape or question."

A Free Treatment. "To any girl or woman who is down town and taken with these cramps and pains, I will gladly give a couple doses absolutely free right on the spot during my demonstration at the Peoples Drug Store, 7th and E streets northwest, and there isn't the slightest obligation. It is just one way I have of proving that such misery is unnatural and can be quickly stopped. It might interest folks to know that in many big industrial plants, department stores, etc., in other cities where I have demonstrated—they keep a bottle of Adams' Wonder Capsules available for employees and thus provide quick,

safe relief and save many from being forced to go home for the day. "See," she says, "the capsules that way say they take the capsules ahead of time and never have even a sign of cramp or pain. A bottle usually lasts for months and is very economical. They are harmless as table salt. Once in a long time pains return following day in which case a dose or two is all that is needed to again get relief. Ask for a free folder. Note—Mrs. Case will be found at our 7th and E streets store all the balance of this week. Drop in and see her. Get Free Folder, or purchase a bottle at any of our 11 Drug Stores in Washington on guarantee of results or money back. We gladly prepay dollar bottle anywhere on receipt of price. Peoples Drug Stores, Washington, D. C.

STOPS STOMACH ACHES AND PAIN WHILE YOU WAIT

Druggist Guarantees All Pains and Cramps Will Stop or Money Back

MRS. CASE OFFERS FREE TREATMENT TO ANYBODY

As per the interesting article on pains and cramps, published on the left, it now is a simple matter to relax the tightening, cramping, torturing muscles which surround the stomach, bladder, intestines, etc., and the following is surely worth testing and then keeping handy when someone in the family is stricken with dreadful cramps or pains.

If stomach is doubled up with cramps, or intestinal, bowel, bladder, or diaphragm or diarrhea cramps are gripping you like in a vise—just take Adams' Wonder Capsules which you can get at any Peoples Drug Store and if three doses fail to completely vanish every sign of pain, you may return balance of bottle and any Peoples Drug Store will refund the money. Anyone caught downtown with such pains can get a couple doses free right on the spot during Mrs. Case's big "Anti-Pain" demonstration at the drug store, 7th and E streets. Clip this out. Remember the name, Adams' Wonder Capsules because you may need them badly sometime in the night. They are recommended for colic, cramps and hicoughs, too.

FAILURE TO HALT CHANG BLOW TO HOPES OF CHINA

\$8,000,000 Believed to Have Been Seized in Tientsin by Refugees.

TREASURY DEFUNCT Retreating Forces Practically Put Pekin-Mukden R. R. Out of Commission.

PEKIN, May 23.—China's case appears to be growing more hopeless through Gen. Wu Pei Fu's failure to follow his victory through and to assert his power openly. The dragon boat festival which occurs on May 31 will find the treasury utterly unable to meet the vast obligations then maturing and also the heavy salary bills. The cabinet has ceased to function, while President Hsu Shih Chang fails to proclaim Gen. Wu's nominees for the premiership and the ministries of finance and communications.

It is now being charged that despite his defeat, Gen. Chang Tao Ling was able to take his routed army to Manchuria, making away with \$8,000,000 seized from Tien Tain banks while he held that city. In addition, he took 158 locomotives and several thousand cars, leaving only fifteen locomotives on the entire Pekin-Mukden Railway. Gen. Chang did not leave sufficient cars to operate half the trains. The loot thus gained by Gen. Chang is valued at many times more than his military losses.

The only hope of retaining what is left seems to be in an expedition against Gen. Chang, which the president has failed to order. The main part of the army of Gen. Wu remains east of the Luan River and has not been authorized to depart beyond the Great Wall. Politically all is stagnation.

LLOYD GEORGE FACING REVOLT

Commons Clique Demands Report on Genoa Before Giving Debate

LONDON, May 23.—An unexpected result of serious proportions has developed in Parliament, threatening to become so strong as to force Premier Lloyd George to call a general election or submit to dictation by commons on a matter of procedure, something unprecedented in English parliamentary history. Lloyd George's leadership is being threatened by the attitude of Laborites, Independent Liberals and diehards alike.

The situation, which has placed the cabinet in a very embarrassing position, developed out of the decision of Lloyd George to sidestep any defense of his work at Genoa until after his critics had spoken, desiring to shape his defense in the light of their attacks. But no sooner had Austen Chamberlain, government spokesman, announced this in commons that it was apparent that there would be serious opposition to the plan. Laborites notified Chamberlain that none of them would participate in debate in the commons until Lloyd George had given an account of his activities at Genoa. He had received a vote of confidence just before going to Genoa and it is his duty to report the result on his return, they argued. Independents, Liberals took the same view, and it is expected that the diehards and other groups will do likewise.

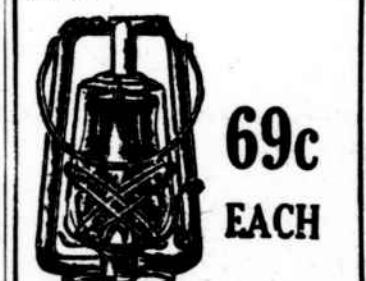

FIFTY VOTE VICTORY IS CLAIM OF FOCHT

Claiming to have defeated his opponents by more than fifty votes in the Pennsylvania primaries, Chairman Benjamin K. Focht, of the House District Committee, announced yesterday that he would return to Washington with the next Congress and resume his duties with the committee. Focht declared his opponent claims a victory by eight votes, but insists the throwing out of a fraudulent ballot will give him more than fifty votes lead over his opponent.

"Sure things in politics are sometimes most uncertain, with a variation in experiences which necessarily rob any possible defeat of real bitterness. In fact, it might be better fighting from the outside than the inside, should I lose out and decide to take the trail again. I will be back in a few days and join in my most genial colleagues on the District Committee in any argument that may be then current," he said.

Birth of Triplets Stops Family Row

Chappelle Relatives Find Plenty of Chance to Distribute Favorite Names.

Washington's snapper population took a sudden upward jump when a fun-loving stork swooped down on Providence Hospital early Sunday morning. When he left, the family of Thomas I. Chappelle, of 107 Riggs road, had increased by three—all girls.

The triplets arrived within a half hour. Two of them are saucy little brunettes, and one an equally precocious blond. Their arrival brought peace within the ranks of relatives of the Chappelles. Anticipating the coming of an additional member of the family, and expecting a girl, relatives had each decided on a name for the newcomer. Trouble loomed for a while, but with three to be named now instead of one, Mr. Chappelle's family escaped the danger of a controversy is past. Mrs. Chappelle was reported as doing very nicely last night. So were her little daughters. Two of the latter weigh 4 pounds and 8 ounces apiece, while the third falls a little behind her sisters, with a weight of 3 pound 9 ounces. Mr. Chappelle is by profession a sailor. He and his family hail from Benedict, Md., and have one other child, aged 5.
